FBR DIGITAL INVOICING

———— Powered by **Faubix** ————

As per **SRO 709(I)/2025**, FBR Digital
Invoicing requires all registered persons
(including manufacturers, retailers, etc.) to
integrate **FBR digital invoicing system**

BENEFITS FOR YOUR BUSINESS

- 1 Automatically identify if a customer is Active, Blacklisted, Suspended, or Filer/Non-Filer—before transactions.
- 2 Fetch complete customer data instantly from FBR using NTN or CNIC. Save manual entry time
- 3 Auto-calculate Sales Tax Rates, SROs, and UOM by selecting HS Code and sales type.
- 4 Integrated sales module posts invoices to FBR in real-time. Auto/Manual numbering ensures compliance.
- 5 Secure Cloud-Based platform with Role-Based Permissions. Manage access for up to 3 FREE Users.
- 6 Bulk Import Customers, Products, and Invoices easily. Minimal effort, maximum efficiency for quick setup.
- 7 Generate FBR-Approved Invoices with mandatory QR Code format instantly for compliance

KEY INTEGRATION POINTS

- Real-time issuance of electronic sales tax invoices
- Inclusion of FBR-assigned numbers and QR Codes
- Secure transmission of invoice data to FBR
- Compliance to safeguard against **PKR 3 MILLION IN PENALTIES**, and possible business sealing
